Dear Mr. Fitzwater:

Thank you for your letter of May 30 regarding the proposed road improvements to Routes 123-193 connected with your Headquarters expansion.

As requested, we will proceed with the final design for Alternative #2. Barring any unforeseen difficulties, I would anticipate the plans being available by spring '86 with advertisement for bids to follow in the summer. This schedule should allow sufficient time for the construction to be completed to coincide with your September '87 opening of your new facilities.

Sincerely,
